## Agility Recovery Solutions to Present at the South Bay Technology Expo

Leading disaster recovery firm to discuss the essentials of recovery with business leaders and decision makers at technology event in Torrance, California

Torrance, CA – February 6, 2007 – Holden-Andrew Corporation announced today that **Agility Recovery Solutions** will be a presenter at the **South Bay Technology Expo**, an event on March 9<sup>th</sup> at the Torrance Marriott for the benefit of the area's business community.

**Agility** helps businesses restore their operations and recover their people after a business interruption or disaster. Within 48 hours, **Agility** links employees, customers, and corporate executives—no matter what the need, so they can continue operations. Solutions range from simple technical support to a full mobile office recovery.

**Agility** responded to over 40 disaster alerts following the 2005 hurricane season and recovered 17 businesses in the wake of Sept. 11, 2001. **Agility** continually responds to its members' everyday business interruptions, which include everything from failed servers and fires to severe storms and floods.

A former division of GE with 17 years of industry experience, **Agility** maintains \$35 million of equipment and has direct access to millions of dollars of additional equipment. **Agility** also holds priority relationships with 256 of the world's most respected organizations, including FedEx, GE, IBM and HP.

**The South Bay Technology Expo** and event sponsor Holden-Andrew Corporation are excited to have the presence of this innovative, essential business service present at the **South Bay Technology Expo** and look forward to their participation in this event for many years to come. Said **South Bay Technology Expo** event chair Chris Aguilar, *"Agility is the premier recovery firm with rapid response capabilities to help businesses. Their participation in this event is essential as businesses will have the opportunity to ask questions directly to recovery experts about what corporations should consider when planning for major disasters. Agility's presence at our event goes to round out the many facets of information technology being represented- from hardware and software providers to business recovery and continuity. "*

**The South Bay Technology Expo** will take place on March 9<sup>th</sup>, at the Torrance Marriott in Torrance, CA from 11 am till 4pm. The event will feature the presence of the **Microsoft Across America** team that will be giving demonstrations of **Windows Vista and Office 2007**. In addition, **Dell Computers** will be at site, as well as **AT&T Wireless (formerly Cingular Wireless)**. In addition the event will feature presentations from major business services exhibitors, document management solution providers, as well as leaders in telecommunications and Voice Over IP.
